Sensory Development

HIDE AND SEEK

Place three cups on the floor. Find a small ball or toy and hide it in one of the cups turned upside down. Move the cups around and ask your baby to guess where the ball is. Lift the cup and see! Hide the ball again and again!

TALL TOWERS

Help your infant stack the cups to build a tall tower. Start with the biggest cup and keep building until you put the smallest cup on top. Knock them down and start all over again.

FILL AND DUMP

Have fun filling the cups with some of your favorite smaller toys. When you fill them to the top, dump the cups and start all over again. Take turns filling and dumping.

1-2-3

Turn all the cups upside down to show the numbers on the bottom. Touch the numbers. Start with #1 and place them in order counting out loud as you go.
