

# FIRST BUILDERS MEGA BLOKS

These 80-piece building imagination blocks stimulate creativity and learning while encouraging discovery and open-ended play. Colorful & chunky Maxi blocks are perfect for little builders with big imaginations.

## DEVELOPMENTAL AREAS

Language Development

Social Development

Cognitive Development

Motor Development

### BUILDING FUN

Start your building fun using the bigger blocks, then add some smaller pieces and then the special shapes.

What did you build? Can you add wheels and make it move? Try using only one or two colors of blocks.

### IMAGINATION STATION

Use your imagination and Mega Bloks to help your toddler create animals, design rockets, houses, and more. Combine the blocks with some of your toddler's favorite books to recreate the stories.

### COPY CAT

Build a simple structure with the Mega Bloks and ask your toddler to build one the same. Start simple and then get more complex. Talk out loud as you are building so your toddler can follow along.

### EYE-HAND PLAY

Mega Bloks are the perfect-sized toy to help your toddler develop his eye-hand coordination. They are easy for him to hold in his small hands and easy to stack.
